CT’s Global Reach in 2023
40M

“
In recent years, the global emphasis is one of the best things about CT. I went through the recent Globe Issue and read every word of it. It’s so inspiring. I appreciate the emphasis they give to the global church. If you get discouraged about the church in America, go to the church in other countries and you will find life.”

Philip Yancey

THE SLOW WORK

BE AFRAID

MUSIC AND MEANING

COVID AND THE CHURCH

“
I especially enjoy Russell Moore’s podcasts and interviews. I always look for people who openly listen to and dialog with people they might disagree with, and who find the important places of agreement. That’s always necessary, and especially so right now. He sets a good example, and I learn quite a lot.”

CT RESOURCES

The We Go On Tour Ministered To Those Experiencing Grief

Developed by CT’s Director of Leadership Resources, John Onwuchekwa, the tour provided a way forward for those struggling with grief and Christian hope. Visiting 13 US cities, 2,600 pastors, church leaders, therapists, and lay members were offered a unique, interactive event exploring the intersection of hope and grief.

Church Salary Provided Needed Church Analysis

Editor of Church Salary, Aaron Hill, conducted research that led to a comprehensive report on COVID-19’s impact on the Church and helped church leaders understand their church demographics, the trends of church attendance, and other changes in their churches since 2020.

“
In a world with so much frivolous content and bad takes, the beautiful orthodoxy of CT is a lifeline.”

— Prof. Jordan Monson, CT Reader and Partner
